

Ice Control Spreaders

Model AF-2000

At Air-Flo,
“heavy-duty”
means *rugged*,
tough and
trouble-free!

The Air-Flo AF-2000
has been engineered
to meet all of our
customers needs.
And when you see
how rugged we build
them you'll under-
stand why they last
so long.
The Air-Flo AF-2000
rugged, tough...
trouble-free.

304 Stainless Steel Hopper

Air-Flo Manufacturing reserves the right to change any specifications, designs or materials, without notice or obligation.

Hopper

- Fully welded 10 gauge steel, heavy duty
- Front and rear panel - 23° interior slope for ease of material flow
- Sides - 45° slope, 10 gauge steel gussets
- Gussetts – welded at bottom to a 3" tubing, to serve as skid runner for ease in mounting
- Rear feedgate – 7 gauge door controlled by screwjack

Conveyor

- 7 gauge steel side channels
- 24" roller chain with 3/8"x1 1/12" bars
- Bolt in bed plate
- Gearbox - 6:1 spur gear type
- Spring loaded chain take up

Material Chute

- Fully enclosed, 10 gauge steel construction
- 4 external adjustable deflectors
- 2 internal baffles, adjustable without tools
- Vertically adjustable in 3" increments
- Can swing above bottom of conveyor for ground storage or bulk discharge
- Diverter Chute for quick loading

Spinner

- Powered by a high-speed hydraulic motor
- 20" disc with 6 fins

Options

- 304 Stainless steel hopper
- Hopper Extensions
- Dump body or chassis mount
- Top Screens
- Fenders
- Chain oiler
- Inverted V
- Cab Shield
